

**REQUIREMENTS FOR OBTAINING A SATELLITE ANTENNA
PERMIT**

1. Provide two (2) copies of a recent Plat of Survey indicating proposed location of the antenna.
2. The Permit Application must be completed and signed including permanent real estate index number (PIN) and construction cost.
3. Submit a set of plans/specs for the antenna.
 - a. Provide cross section sketch of concrete pad, pier dimensions of how antenna is anchored.
 - b. Antennas over 120' from front lot line may be 5' from side and rear lot lines, otherwise keep 15' clear; 15' in height maximum.
 - c. Antennas over 3' in diameter need screening by a 6' fence or evergreens.
 - d. No antennas are allowed in easements, front yards floodways or flood plains.

Note: Antennas under 3' in diameter are exempt.

Contact the Building Department for further information.
